

# **R&DAA**

## **INFORMATION SHEET**

### **JULY 2020**

#### **COVID-19**

Things are slowly getting back to somewhere near a normal life and our EC meetings will re-commence on Monday July 13<sup>th</sup>.albeit outside if weather permits.

#### **WEBSITE**

We have been upgrading our website with short videos of our venues. Northmoor rand Wallingford are featured along with the new shared waters of Littlemore AC and Jolly Anglers. The latest video is on Burghfield River and Calcot.and our thanks go to all involved making them. If there is someone out there who wants to have a go at making their own video of any RDAA venues then please send them in at [info@rdaa.co.uk](mailto:info@rdaa.co.uk). Our team will look at them and alter if necessary.

#### **VOLUNTEERS**

We will be restarting our Friday Drop in Club and our work parties within the next couple of weeks so please keep an eye on our Facebook page for details

#### **.2020-21 PERMITS**

We, along with other organisations in the fishing world seem to be having a bumper start to the new season and our permit sales have already overtaken last season's figures. Families are enjoying the delights of the Farnham Flint complex and we were delighted to see the Angling Trust new CEO Jamie Cook and his family enjoying a day fishing Callows and Willmotts pools last weekend.

#### **.BAILIFFING**

Despite all of the new memberships and coping with Covid – 19 regulations we seem to have come out of it with no permit withdrawals.

#### **VENUES**

We are still experiencing a small number of access key problems. If your key will not open the locks then please change it at the Match Hut or any Tackle Shop. Following the recent strong winds we have several trees down on several venues, please report any you see and we will get to them asap.
